Information for those who need a residence permit or work permit

If you are a citizen of a country outside the EU/EEA and want to settle in Sweden, you need a residence permit. If you want to work in Sweden, in most cases you need a work permit. If you do not have a permit, you can contact Migrationsverket (the Swedish Migration Board).

If you have a residence permit or work permit you must send a copy of it to Försäkringskassan. If you do not send a copy, Försäkringskassan will contact Migrationsverket to obtain the information. The information from Migrationsverket will form the basis of Försäkringskassan's assessment. Since you have already received this information from Migrationsverket, Försäkringskassan will not send it to you before the assessment has been made.

If you believe that Migrationsverket's information about your residence permit or work permit is incorrect, you should contact them.
